

## ***Press release***

### **Jörss-Blunck-Ordemann GmbH becomes JBO Engineering Group GmbH**

**Hamburg, 15 July 2025** – Today marks the beginning of a new chapter in the history of our company. The renaming to **JBO Engineering Group GmbH** represents a visible step in our continuous development – shaped by appreciation for what we have achieved and a clear focus on the future.

Our special thanks go to the founders **Horst Jörss**, **Hans Blunck**, and **Horst-Ulrich Ordemann**, whose entrepreneurial spirit, professional excellence, and visionary leadership over decades laid the foundation for what defines JBO today: engineering quality, reliability, and integrity. These values will continue to guide us into the future.

Horst Jörss, Hans Blunck, and Horst-Ulrich Ordemann have, through their work, foresight, and commitment, built the basis for what JBO stands for today. Their name represents engineering excellence, dependability, and strong values – and that will not change.

After many successful years under the name Jörss-Blunck-Ordemann, we believe the time has come to take the next step – confidently and visibly. From now on, we are JBO Engineering Group GmbH.

With this new name, we want to reflect what we have long lived: continuous growth, an international outlook, and a strong team building a future where engineering, responsibility, and innovation go hand in hand.

And at the same time, one thing remains unchanged: We are still JBO.

The new name does not mark a break, but rather stands for our history – for everything we have built together with our clients, partners, and colleagues. For quality, trust, and clear values – all of which will continue to define us moving forward.

Our new visual identity and the name JBO Engineering Group make visible what has evolved internally: step by step, an established engineering firm has grown into a modern, internationally oriented engineering group – opening up new opportunities without forgetting its roots.

We are proud of what lies behind us – and full of energy for what lies ahead.

Thank you – for many years of successful collaboration, for your trust, and for growing with us. We look forward to continuing this journey with you – now as the JBO Engineering Group.

Shaping the future together – as JBO Engineering Group.
